FALL, 1923

SPECIAL LIST

... OF ...

LINING-OUT and SPECIMEN STOCK

HARLAN P. KELSEY

BOXFORD - HIGHLANDS NURSERY

SALEM, MASSACHUSETTS

NOTE.—Orders for Spring shipment may be booked in Autumn, but are not subject to cancellation. Boxing and Packing Free at prices quoted. Boxford-Highlands Nursery is located at East Boxford (Boxford Station) and visitors are always welcome.

We make local New England deliveries by truck at reasonable rates. This is especially desirable for heavy specimen trees.

This is a Special Advance List of fine stock, for large or small plantings, but represents only a very partial list of our stock. In most varieties we can supply larger sizes.

KELSEY'S HARDY AMERICAN PLANTS AND SPECIMEN EVERGREENS

“Hardy New England Grown”

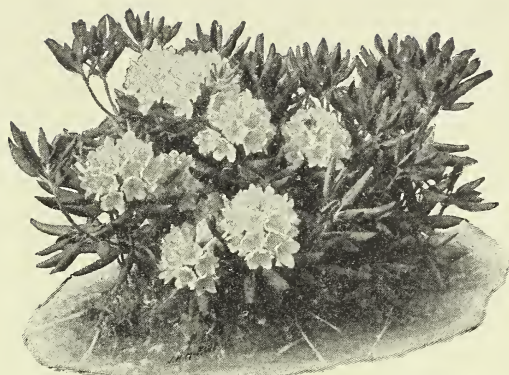

All Stock is heavy, nursery-grown, transplanted stock, except where marked Seedlings. All Stock, except seedlings and small transplanted evergreens, under 1 foot, are Balled and Burlapped.

EVERGREENS—Conifers and Broadleaf

		Each	10	100	1,000
Abies concolor, Concolor Fir

Spiraea vanhouttei, Vanhoutte Spiraea					
500	2-3 ft.50	4.00	30.00	
Vaccinium corymbosum, Highbush Blueberry					
Fine stock, grown from seed and cuttings and transplanted several times. This is the Blueberry of commerce, but not the new Coville Hybrids. Also it is one of our finest ornamentals. A success commercially only on acid soils.					
4,000	3-6 in. once transplanted30	2.50	21.00	180.00
1,000	9-12 in.50	4.00	36.00

KOSTER BLUE SPRUCE
(*Picea pungens Kosteri*)

UNITED LITHO. & Ptg. COS., ROCHESTER, N. Y.

HARLAN P. KELSEY
Boxford-Highlands Nursery
SALEM, MASS.

(See other side)

THE DIFFERENT TYPES OF COLORADO SPRUCE

Prices of Specimen Trees Grown at BOXFORD-HIGHLANDS NURSERY

All with Balls and Burlaped

1. COLORADO SPRUCE (*Picea pungens*)

This is the original green type, extremely hardy and well known for its peculiar horizontal whorls of branches and stiff needles. Both this and the two following types stand "salt water air" unusually well. The Colorado Spruce has light brown glossy cones.

		Each	Per 10	Per 100
18 to 24 inches, B & B	- -	\$1.50	\$13.50	\$130.00
2 to 3 feet, "	- -	2.50	22.00	
3 to 4 "	- -	4.00	36.00	
4 to 5 "	- -	5.00	44.00	
5 to 6 "	- -	7.00	64.00	
6 to 7 "	- -	9.00	80.00	

7 to 14 feet specimens \$10.00 to \$50.00 each.

2. BLUE COLORADO SPRUCE (*Picea pungens glauca*)

The native blue variety, which runs from a bright silver blue to a deep blue almost or quite as brilliant as the Koster variety. They are selected from thousands of seedlings of Colorado Spruce, which average perhaps 1 per cent. of this fine blue form. It is a conspicuous tree, and preferred by many to the Koster type.

		Each	Per 10
18 to 24 inches, B & B	- - - -	\$3.60	\$32.00
2 to 3 feet, "	- - - -	5.20	48.00
3 to 4 "	- - - -	8.00	
4 to 5 "	- - - -	10.00	
5 to 6 "	- - - -	15.00	

A few larger specimens up to 18 feet, \$20.00 to \$125.00 each.

3. KOSTER BLUE SPRUCE (*Picea pungens Kosteri*)

See illustration on opposite page.

A variety with brilliant blue foliage, propagated only by grafting on the green type. Heretofore this form has been entirely propagated abroad, and as importations are not now permitted it has become exceedingly scarce in American Nurseries. At Boxford-Highlands Nursery may be seen hundreds of perfect specimens feathered to the ground from six to twelve feet in height, undoubtedly the finest colored and most perfect lot in any Nursery.

		Each	Per 10
6 to 7 feet, B & B	- - - -	\$45.00	\$400.00
7 to 8 " "	- - - -	55.00	500.00
8 to 9 " "	- - - -	75.00	725.00
9 to 10 " "	- - - -	90.00	850.00

Specimens 10 to 12 feet from \$100.00 to \$150.00 each, according to selection.

August and September are two of the best months for transplanting these Spruces.

Truck Delivery is advisable.
